

CLASS – IV A/B/C/D/E

ENGLISH-

1. Write a paragraph on How I Spent My Summer Vacation. Stick a picture while doing any activity during the vacation.

2. Read the passage given below and answer the following questions:

Atmosphere

There are four major domains of the Earth- Lithosphere, Atmosphere, Hydrosphere and Biosphere. The solid portion of the earth is called Lithosphere. The large land masses are known as continents. All continents lie in lithosphere. There are seven continents. Asia is the largest continent and Australia is the smallest continent. Australia is called an island continent. The part of the earth which is covered with water is called Hydrosphere- The Pacific Ocean, The Atlantic Ocean, The Indian Ocean, The Southern Ocean and The Arctic Ocean. The Pacific Ocean is the largest ocean. The earth is surrounded by a layer of gases called the atmosphere. There are five layers in the atmosphere. The Biosphere is the narrow zone of contact between the land, water and air.

Answer the following questions: -

- a) How many domains of the earth are there?
- b) What is Lithosphere?
- c) Which continent is called island continent?
- d) What is Hydrosphere?
