HOLIDAY HOMEWORK

STD – II

Dear Parents,

Holidays are always a welcome break from the normal routine and we all look forward to them. They give us opportunity to pursue all those activities that we enjoy but never found enough time to indulge in. When used appropriately, homework can reinforce what has been taught, contribute to the development of children, cultivate a healthy disposition towards learning and most importantly, maintain a continuation with the process of education that began at school.

Summer Holidays Homework is an initiative on our part, to inculcate innovativeness, creativity and interest in the tasks assigned to our students. It will not only enable them to recapitulate what was taught but will also help them to connect themselves to the various learning processes. Please ensure that your child complete the assignment neatly and under the supervision of an elderly person in the family.
